IMPACT: Local

Summary of Legislation: This bill provides that after the 2013 assessment dates, the assessed value of an individual's tangible property may not be considered when determining whether the individual is eligible for the property tax deduction for: (1) totally disabled veterans; or (2) veterans who are at least 62 years of age and have a disability of at least 10%.

Effective Date: July 1, 2013.

Explanation of Local Revenues: *Summary:* Beginning in CY 2015, this bill could result in an estimated additional 7,300 deductions for totally disabled veterans. The total amount of the deduction could increase by about \$91 M. The additional deduction amount would annually shift about \$2 M in taxes statewide from disabled veterans to all other taxpayers. Rate-controlled funds would lose revenue equal to the loss in net AV multiplied by the fund rate.

Background: Under current law, there are two property tax deductions available to disabled veterans. Some veterans may qualify for both deductions.

Veterans with wartime service and a service-connected disability of at least 10% or their surviving spouses are entitled to a property tax deduction of \$24,960 on their real or personal property. There are no qualifications on AV.

In addition, veterans or their surviving spouses are currently entitled to a property tax deduction of \$12,480 on their real or personal property if the veteran is either totally disabled or at least age 62 with a disability of 10% or more. The disability need not be service-connected nor does the service need to be wartime service. In order to qualify, the AV of the property must be less than \$143,160. This bill would remove the AV cap beginning with taxes payable in CY 2015.

For taxes payable in 2012 (2010 in LaPorte County), approximately 15,100 veterans received "totally disabled veteran" property tax deductions in the amount of \$161.4 M. A review of the assessed values of all single-family homestead residences shows that just under one-third of these homesteads have assessed values that are at or above \$143,160.
